

3-year project “True Assessment – Distance learning network for teachers” aimed at the introduction of modern assessment methods and techniques in everyday practice in schools, colleges, and universities by exposing educators (classroom teachers and their administrative supervisors) to new knowledge and practices in educational assessment.

Objectives: 2 specific objectives were enable the achievement of this goal:

1. Introduction of courses on educational assessment for educators within the system of compulsory in-service teacher training.
2. Launching of the Thematic Distance Learning Network “True Assessment” (DLN “TRAST”) for educators.
3. Thematic Distance Learning Network “TRAST” is a group of interested individuals from partner institutions and beyond who will promote the ideas of educational assessment in Ukraine.

In future the DLN “TRAST” team will become the nucleus of the Ukrainian Association for Educational Assessment.
